PENNY WARS

How To Host a Penny War:

- Create a jar for each department at work, family members teams, etc.

- Place these jars in a high traffic area such as break room, reception, kitchen, living room, etc.

- Create a sign explaining the point system
    - Pennies and Dollars = Positive Points
    - Silver Change = Negative Points

- Each department/group can sabotage another by putting silver change in the competing jars

- Post, announce or email standings each day

- Announce the winning group at the end of the week and donate the funds raised through Shine A Light!
